## Sitios de Bodega Con Class

Ricardo Sanz is a sixth generation winemaker in the Rueda region and alongside his brother Marco and his sister Alejandra, launched Sitios de Bodega in 2005. They have a thoroughly modern approach to winemaking - concentrating on the native variety, Verdejo, and organic viticulture. The winery is surrounded by the estate vineyards, which total 50 hectares of ecological vines distributed between the localities of O Rueda (90%) and Pollos (10%).

---

<b>Appellation of Origin:</b>	DO Rueda
<b>Varieties:</b>	60% Verdejo, 25% Viura, 15% Sauvignon Blanc
<b>Farming:</b>	Organic
<b>Soils:</b>	Poor in organic materials, with gravels and an excellent ventilation and drainage
<b>Altitude:</b>	700-800 meters
<b>Winemaking/Aging:</b>	All grapes for Sitios de Bodega are harvested at night. The cold fermentation process is slow and stainless steel tanks are used to preserve the vibrant fruity aromas. The wine is then aged in tanks on its fine lees.
