

TERROIR AL LIMIT

Arbossar

When Eben Sadie and Dominik Huber first met in 2001 at Mas Martinet, Eben was a promising and highly-regarded young enologist from South Africa and Dominik, German by birth, was a wine enthusiast with a background in business administration and an interest in the culinary arts. Both became enthralled by the region and made plans to return in 2001 to make their own wine. With the help of the Pérez family of Mas Martinet, Eben and Dominik purchased some fruit and leased a little corner in the cellar of Cims de Porrera, where they vinified their first vintage of Dits del Terra in 2001. After two years at Cims de Porrera, they moved into a tiny cellar in Torroja del Priorat. The move coincided with the first vintage of Arbossar in 2003. In the following years, they released additional cuvées: Torroja in 2005, Manyes and Tosses in 2006, Pedra de Guix in 2008, and Terra de Cuques in 2011. Throughout the decade since its founding, Terroir al Limit has evolved in its understanding of the Priorat – coming to view it as a region similar to Burgundy in its complexity and potential to produce elegant and transparent wines.

With the demands arising from increasing production at Terroir al Limit and additional farming responsibilities with the conversion to organic and biodynamic farming practices in conjunction with Eben Sadie spending more time in South Africa with his various projects, Dominik began working full time at Terroir al Limit in 2007. The goal at Terroir al Limit is to foster wines of infusion rather than extraction and elegance rather than the typical heaviness of the Priorat. This process of evolution is continuing with the gradual change to aging all their wines in concrete instead of oak to ensure the purest expression in each of their cuvées

Arbossar is a steep, north-facing vineyard near Torroja where Dominik farms 90-year-old Carinyena on schist and granite soils. He discovered this site while riding his motorbike around the village. Despite the conventional wisdom against northern exposure and Carinyena when power and extraction were preferred in the Priorat, he could sense that this was a unique site and the perfect complement to the nearby and south-facing Dits del Terra.

ORIGIN

Spain

APELLATION

Priorat

SOIL

Schist, granite

AGE OF VINES

90

ELEVATION

350-400 meters

VARIETIES

Carinyena

FARMING

Certified organic (CCPAE) with biodynamic practices

FERMENTATION

Hand harvested, whole cluster, natural yeast fermentation in vat, no pigeage or pumping over, 2 week maceration before pressing

AGING

20 months in concrete tanks

ACCOLADES

95 – 2022 Arbossar – Wine Advocate

97 – 2021 Arbossar – James Suckling

91 – 2021 Arbossar – Decanter
